14  
15  
16 Complainant Air Pollution Control Officer of the Bay Area Air Quality Management District  
17 (APCO) and Respondent Tesla Motors, Inc. (Tesla) both stipulate to, and jointly request, the entry of the  
18 stipulated proposed findings and decision and stipulated conditional abatement order attached hereto, with  
19 the terms and conditions therein, pursuant to Health & Safety Code section 42451, subdivision (b). Health  
20 & Safety Code section 42451, subdivision (b), allows the Hearing Board to issue an order for abatement  
21 pursuant to the stipulation of the air pollution control officer and the person or persons accused of  
22 violating any order, rule, or regulation prohibiting or limiting the discharge of air contaminants into the  
23 air, upon the terms and conditions set forth in the stipulation. The Hearing Board must still include a  
24 written explanation of its action in the order for abatement. The Parties believe the attached proposed  
25 findings and decision and stipulated conditional abatement order meets these and all legal requirements  
26 for the Hearing Board to issue it a stipulated conditional order for abatement.
